Call or [email](#) Dr. Bowker to find out about phone-based wellness consultations with Dr. Stacy Bowker. This may be an affordable alternative to seeing a naturopath if you have specific health issues you want to address. Simply set up a FREE 20 minute phone consultation with Dr. Bowker to get more information and

learn if this is an appropriate option for you. *(Note: Phone consultations should not replace an office visit if you have undiagnosed symptoms, chronic medical conditions, or require any laboratory testing or physical exam. People who may benefit from a phone consultation with Dr. Bowker are those who want advice on nutrition and supplements for diagnosed medical conditions or those who want to achieve optimal health and prevent disease by adopting a wellness regimen).*
